Planning & Development

Wisdom Da Costa will: Ensure our voice is heard with the emerging Local Plan, and push for a Local Plan for Windsor, to ensure our heritage, and uniqueness are maintained and enhanced. "We do not want to become a dormitory town for Maidenhead" he says.

Threat to Our Green Belt

Wisdom would work to limit the 1000 houses the council is proposing on Green Belt land between the Dedworth and Maidenhead Roads. A holistic approach is needed to any development which does take place, to reduce its impact on the environment, roads, transport, school, leisure, and health services.

Roads & Pavements

Kevin Chapman says we need better maintenance of our roads, pavements and footpaths. "Potholes are damaging cars and putting pedestrians and our less mobile neighbours at risk."

Weekly Bin Collections

Your Independent Councillors have always voted in favour of keeping weekly rubbish collections. "We will support continued weekly rubbish collections and oppose any reduction in the weekly domestic waste and seek improvements in the recycling and green waste services" says Independent, **Wisdom Da Costa**.

Aircraft Noise

The third Heathrow runway proposed by Labour would mean increased aircraft noise. Increasing numbers of Conservatives are wavering on their General Election promise to oppose the third runway.

Wisdom Da Costa and the Independent Councillors in West Windsor can be relied upon to continue opposing increased aircraft noise, and unwarranted Heathrow expansion. We will keep you informed.

"People need rest and relaxation. Aircraft flights have been linked to increased stress and pollution, leading in turn to health problems, such as heart disease. I will push to ensure the council continues to fight Heathrow expansion." **Wisdom Da Costa**

Loss of community amenities

At a time when Windsor needs greater levels of amenities, we are seeing threats to our Garden Centres, and our Leisure Centre services.

Your Independent Councillors will continue to work to prevent further loss, and seek to increase the level of much needed facilities for all Windsorans

"We will fight against the loss of services, and take steps to improve things for our town, and we will also rigorously examine future planning proposals, oppose unsuitable development, and look to enhance services. The Council is here to serve the people." says Independent, **Kevin Chapman**,

Windsor Fire Services

Your team will work for cross-party support for the retention & strengthening of Windsor's 24 hour Fire Service and the level of support given to it, to ensure no further reduction in the level of service.

"We're disappointed that St Mark's Road Fire Station has closed. Now we must fight hard to protect the ongoing level of provision, and our emergency services." says **Carole Da Costa**.

Schools and Nurseries

The recent Ofsted at the Bright Start Pre School caused concern to many parents. As the population of West Windsor increases we need more school places, better support, and better funding to ensure our children get the best possible start in life.

"I am passionate about early years provision and will campaign for better professional and financial resource in this area" says Independent **Carole Da Costa**
